

Multi-actor network repair problems

Brian French

December 6, 2019

1	Introduction and Motivation
1.1	Harvey Case
1.2	Coordination in repairs?
2	Literature Review
2.1	Existing Power Grid Repair Modeling
2.2	Existing Road Grid Repair Modling
2.3	Hurricane Damage Modeling
2.4	Resilience
2.5	Scenario Generation
3	Modeling Hurricane Arrivals
4	Repair Problem
4.1	Overview
4.2	Road Repair Problem
4.3	Power Grid Repair Problem
4.4	Framework for interacting
5	Results on Standard test systems
5.1	No Roads
5.2	Nominal Roads
5.3	Damaged Roads
5.4	With Road Repair
5.5	Iteration
6	Conclusions
6.1	Results
6.2	Future Research Direction
7	Bibliography
